• Delivery of 1 SMART goals workshop on PRG 2022 Annual Conference -12 Reimagineers Delivery of nonprofit management, business, and development practice consulting support

### **Conclusions/findings**

- Monitoring and evaluation of PRG and Reimagineer's work should be aligned at its core
- Opportunity to increase evidence-based programming/alignment with BEBR data
- Huge opportunity for capacity development for community leaders pursuing entrepreneurial/social goals
- Opportunity to use PRG model as a reference for other cities: community leadership and ownership for its own development goals
- Opportunity to widen the focus of PRG work and communicate it
- Opportunity for Reimagineers to further engage and collaborate amongst them

#### Recommendations

- Systematization of capacity development efforts throughout the year for both Reimagineers and PRG AC
- Alignment with 2018 BEBR report data
- Explore further collaboration between city of Gainesville and Alachua county on sustainable development challenges
